Automate Every Department

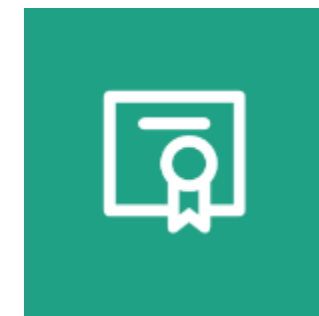

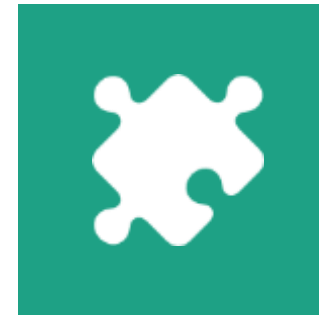

Automate Every Process

Key Differentiators

Ready Adaptors

AutomationEdge has adaptors ready for many applications and systems.

Start Small

Start small and then go big.

Industry's Best

AutomationEdge has best spreadsheet processing speed, arguably fastest RPA engine.

Enterprise Grade RPA

Security, Audit Trail , Reporting, Scale, Speed, Horizontal scaling, Self-Service

Automation Platform for Digital World

Workflow, Chatbot, Robot farm, UI drivers, API Quick Integration platform, OCR, Ready algorithms

Partners and Professional Services

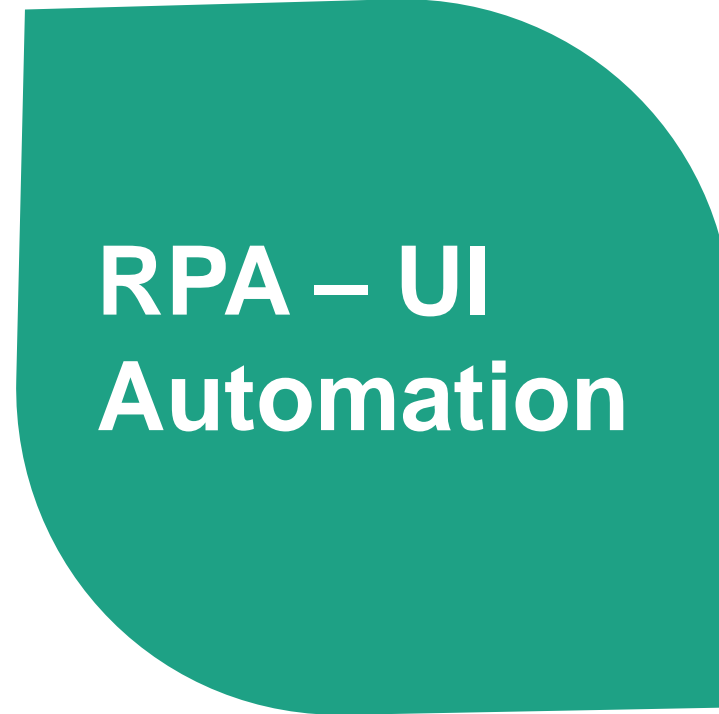

Speed of deployment

Advantages Over Competition

Right technology for different scenarios used together seamlessly

Front end screen for automation, moderate volume of transaction.

High volume data massaging use cases at very high speed.

API ready adapters for high volume transaction, Less efforts for deployment.

True self service with intuitive interface for users of automation – Uberization.

Key Differentiators

Features	LA Esfera
Licensing	Robot machines based for GUI automation Number of tasks based for non GUI automation
Ready Adapters for IT and Business applications	✓
Spreadsheet processing w/o Excel	✓
Combine UI and API adapters	✓
Rich Self service catalog	✓
Intelligent algorithms (e.g. Name matching) and machine learning framework and NLP adapter	✓
OCR adapter	✓
Chatbot automation	✓
Loading files with dynamic headers	✓

Service Desk with Automation

Target Systems

Packaged Applications

Active Directory

VMware/EC2

Desktop/Laptop

Database

..

Runbooks

- Email box , Distribution list
- Shared folder
- Password reset
- Server Restart, Health Check
- Employee onboarding

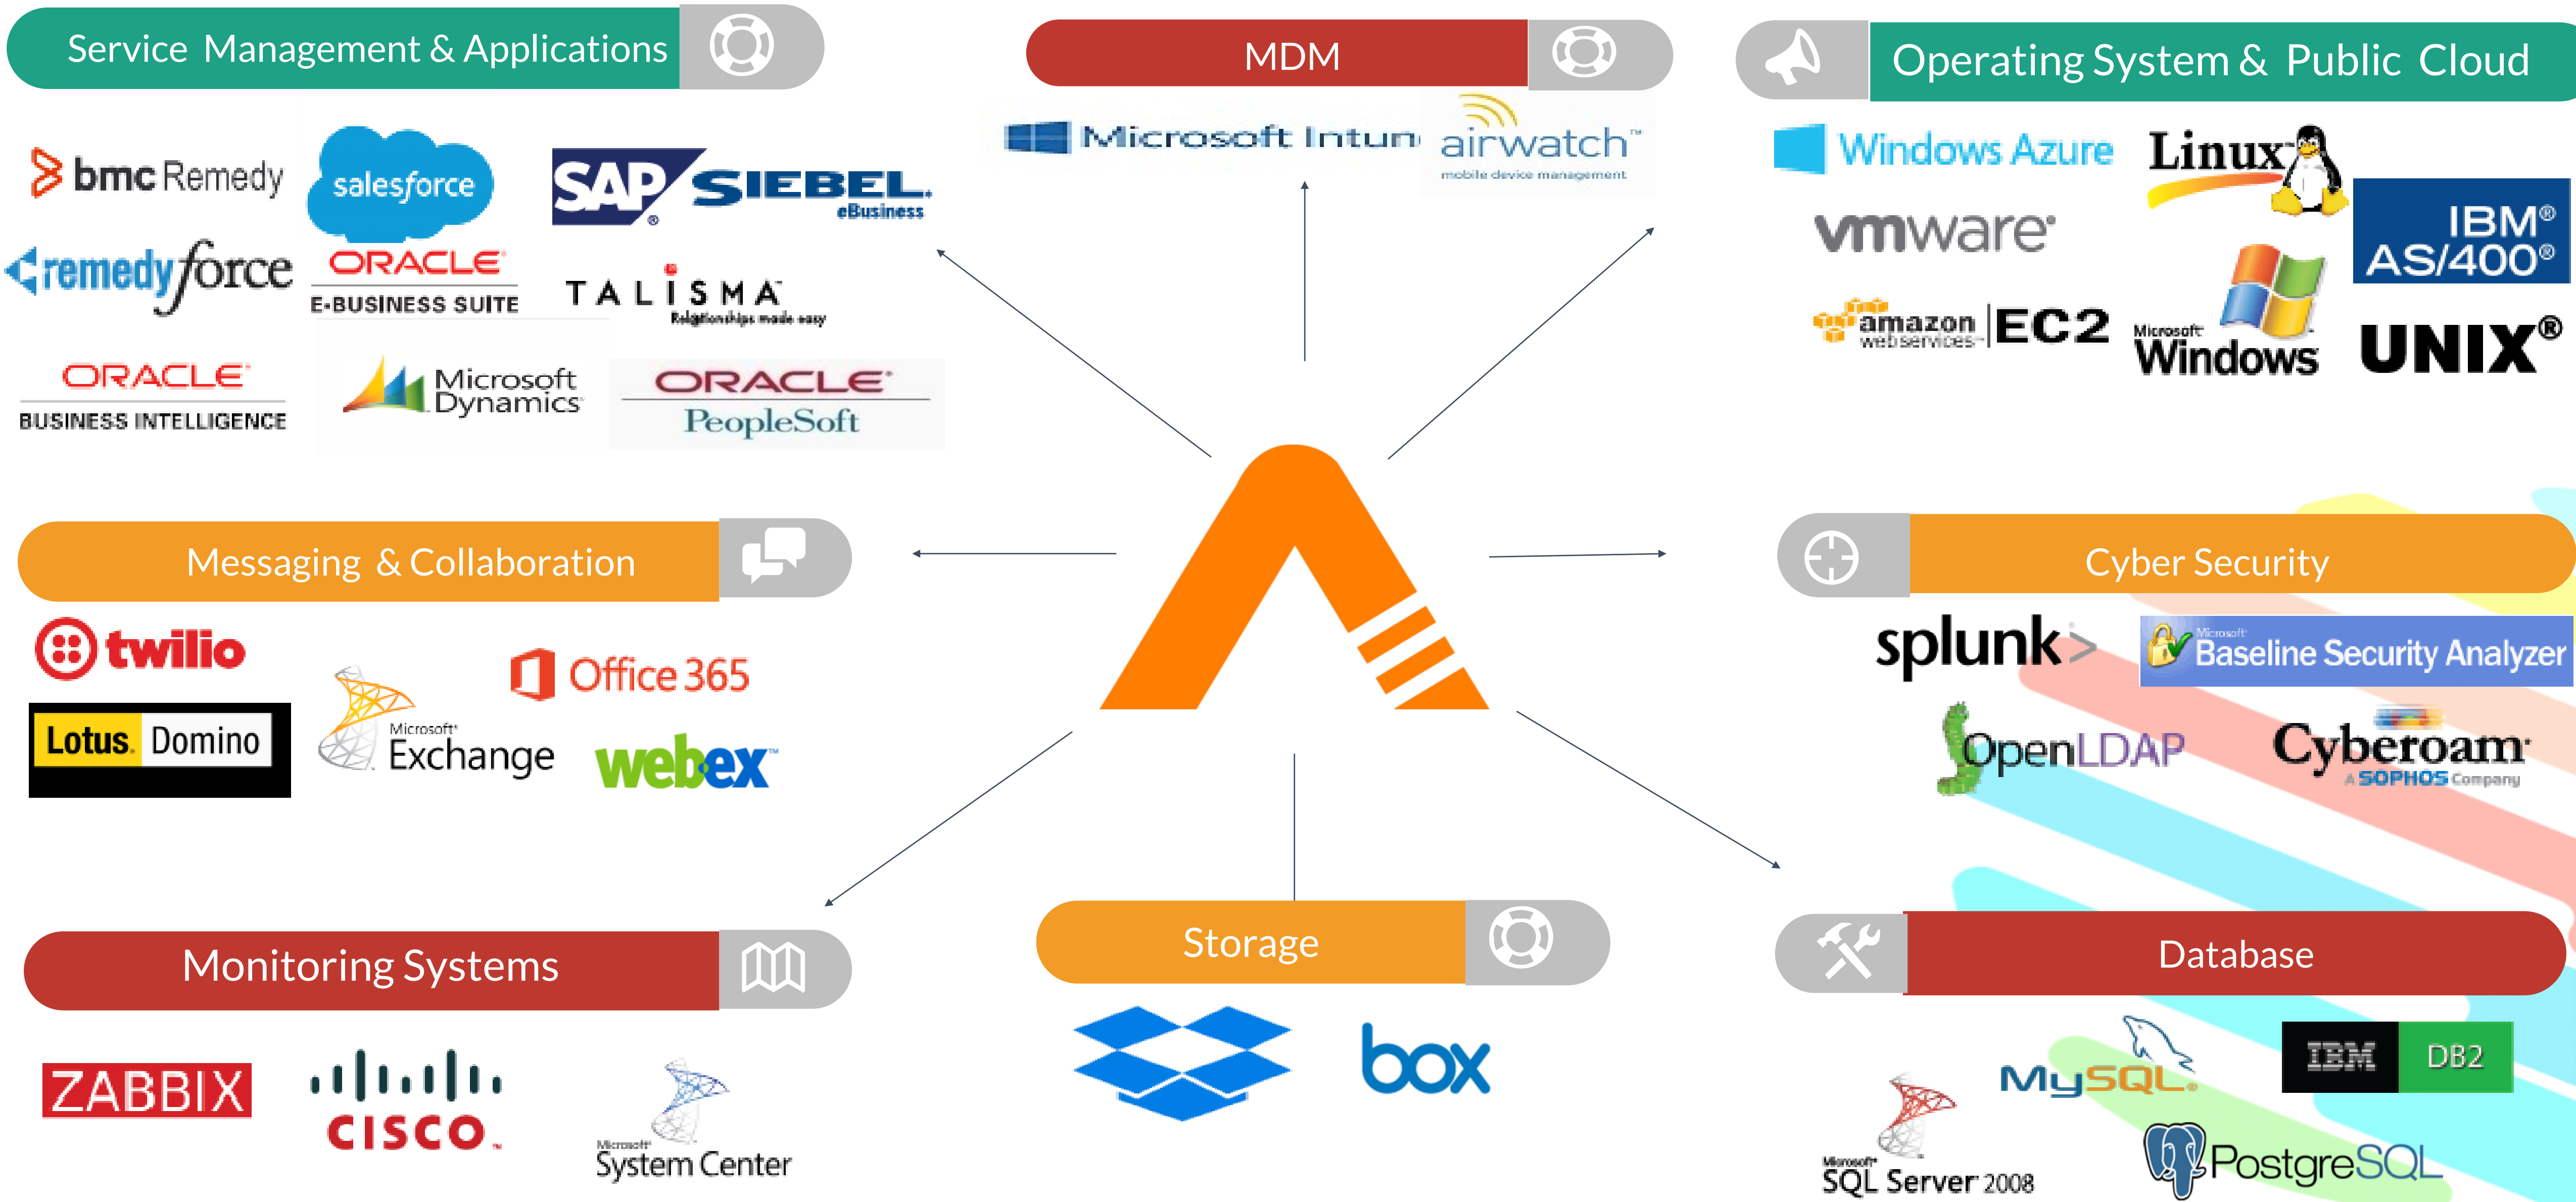

Base Adapters

- SSH,
- PowerShell
- Web Services
- SQL
- GUI

Other Adapters

- EC2, Azure, VMWare, Solaris, CISCO ..
- Office 365, Microsoft Active Directory, Exchange Server
- BOX, Airwatch, Microsoft InTune, ..
- Business applications like Salesforce, EBS, ..

Ready Adapters
